Ninu

Red wine

Grapes: blend of white and red grapes from old varieties.

Vineyard: planting density 2.20m between rows, 1.80m between plants. Variable bud load, according to the variety: from 2-3 to 15-18. Clay soil.

Yield: 20 q ha.

Harvest: late September to early October.

Vinification: in steel vats following destemming, on the skins for 20-30 days.

Aging: in steel vats for 4-5 months, then in the bottle for at least 40 days.

Alcohol: 12.5% abv.

Bottle: Bordelaise.

Colour: intense ruby red.

Bouquet: floral, ripe red fruits.

Taste; notes of ripe red fruits, a full-bodied wine with good acidity and tannins.

Serving temperature: 18°C.

Recommended with: pasta meat-based fillings, salami, red meats, cheese.
